

## ABOUT THE MAJOR

Economics is the study of resource allocation, business enterprises, and nations. Though it is considered a social science, it forms the foundation for understanding most business disciplines. The B.B.A. in the Richards College of Business combines draws from the theory, analytics, and empirical methods to provide our majors an understanding of the economy and how it functions. The B.B.A. in Economics provides valuable preparation for careers in banking, marketing, insurance and government. It is an excellent major for those planning to attend law school or for those considering an M.B.A. program. The field also prepares students for work in public administration, international business, and financial analysis.

## ABOUT THIS MAP

This program map is intended ONLY as a guide for students to plan their course of study. It does NOT replace any information in the Undergraduate Catalog, which is the official guide for completing degree requirements. Use this map to help plan and guide your experience at UWG, including academic, co-curricular, and discovery opportunities. Everyone's experience is different and activities in this map are suggestions. Always consult with your advisors whenever possible for new opportunities and updates.
