

ABOUT THE MAJOR

A degree in English Education can lead to a rewarding and socially fulfilling career. Teachers of English shape their students' critical thinking and writing skills while also performing the important civic duties of broadening students' understanding of human culture and history. Teachers also enjoy stable employment opportunities that provide greater work/life balance than many other fields of employment. If you love literature, poetry, film, storytelling, history, philosophy, religion, and other studies in the humanities and would like to share that love with others, the English Education program might be just what you are looking for.

ABOUT THIS MAP

This program map is intended ONLY as a guide for students to plan their course of study. It does NOT replace any information in the Undergraduate Catalog, which is the official guide for completing degree requirements. Use this map to help plan and guide your experience at UWG, including academic, co-curricular, and discovery opportunities. Everyone's experience is different and activities in this map are suggestions. Always consult with your advisors whenever possible for new opportunities and updates.
