Expanded Description of the Course:

The emphasis of this course is on uses of accounting and financial data internal to the firm, how the numbers are developed and what they mean. The course first introduces students to product and service costing techniques. Second, techniques for business planning and control are introduced. The primary setting for the course is the manufacturing environment. The concepts and methodologies introduced are transferable to other forms of business and non-business organizations.

Methods of Evaluating Outcome:

<u>Evaluation Tools</u>	<u>Points</u>	
On-line Quizzes	50	Four (4) attempts per quiz
Midterm Exam (on line)	150	
Final Exam (proctored test)	<u>150</u>	
Total	350	

Grading Scale

Points Earned	Percent	Grade
315-350	90-100	A
280-314	80-89	B
245-279	70-79	C
210-244	60-69	D
Below 210	Below 60	F

Quizzes (50 total points):

All the chapters have quizzes on CourseDen which have to be completed before the scheduled deadline. No make-up quizzes are given under any circumstances. Failure to take a quiz during the scheduled time will result in a score of zero for that quiz. You have **four attempts per quiz** and the highest score is retained for grade purposes (Note: **The quizzes may change each time they are opened**). There are 9 quizzes in total.

Exams (300 total points):

There will be two tests in this class. The midterm exam is on CourseDen and must be completed before the scheduled deadline. **No make-up online test is given under any circumstances.** Failure to take an online test during the scheduled time will result in a score of zero for that test. The final exam will be a proctored test. You must be physically present to take the test and you must bring identification. Your ID will be checked when you submit your test. **You may bring two pages of handwritten notes (you may write on front and back of both pages).**

****There are corresponding sample exams in CourseDen for both exams.** Sample exams are provided as study aids. Sample exams can increase your exam scores, but cannot lower your scores. If your highest sample exam score is lower than your actual exam score, you keep your actual exam score. If your highest score on the sample exam is greater than your actual exam score, your exam score will be calculated as:

$$\text{Exam Score} = (1/4)(\text{Sample Exam Score}) + (3/4)(\text{Actual Exam Score}).$$

You can take the test at **10:30 am on May 24, 2019 on Carrollton campus in Adamson Hall Building Room 227 for free.** If you are not able to take the final exam on this scheduled time, please contact me as soon as possible. Also, please follow the instructions below to schedule your test:

Step 1: Call and sign up for a proctored test at any of the following sites. You will need to provide your name, the date on which you plan to take the test (ask your instructor for acceptable dates), and the name of your instructor and course name.
