

# RICHARDS COLLEGE OF BUSINESS

## MKTG 3808 Business Web Design Spring 2019 *Course Syllabus*

Instructor: Dr. Sunil Hazari  
Website: <http://www.sunilhazari.com>  
Office Location: Room 2312 – Miller Hall (Richards College of Business)  
Office Phone: 678.839.4842  
Office Hours: Wednesdays 11:00 a.m – 4:00 p.m. (appointments preferred)  
Course Level: Undergraduate – 3 semester hours  
Course Meetings: This course is 100% online  
Course Web Site: <http://www.westga.edu/webct> OR <http://westga.view.usg.edu>  
E-mail : Use MAIL feature within CourseDen  
Note: Instructor will reply to emails sent from CourseDen ONLY

University Tech Support: 678.839.6248 (for CourseDen problems)  
678.839.6587 (for login/password/access problems)

### ***Catalog Description***

This course is designed to meet the rapidly growing need for a systematic approach to the business research process, and its implementation in terms of strategic decision making. Both primary and secondary sources of information are explored, along with research design, measurement, sampling, data collection, processing, analyses, and interpretation.

Course Prerequisites: CISM 2201 and (ECON 3402 or MATH 2063 )

### ***Required Course Textbook and other Materials***

1) MR 2, by Brown/Suter, 2nd Edition (2nd Edition), 2014, ISBN-10: 1133958419 | ISBN-13: 9781133958413  
(Note: Access code is NOT needed for the course)

2) Qualtrics website located at: <http://westga.qualtrics.com/> (login with your UWG username/password)

3) Access to Microsoft Excel (version 2010 or later)

See <http://www.westga.edu/sits> to download Office 365 for UWG students. NOTE: Use of Windows operating system is preferred as your instructor does not have access to Macintosh computers and will be unable to answer any Mac OS related questions.

### ***Course Objectives***

Upon successfully completing the course, the student should be able to:

1. Define key terms and concepts in the business research process. (LG 4)
2. Analyze business situations, and apply basic quantitative skills to solving business problems and developing effective strategies. (LG 2)
3. Recognize how diversity, ethical, global, and multicultural considerations affect the business research process and decision-making. (LG 5)
4. Recognize variety of secondary sources of information including online data banks, the Internet and the Web, and be able to collect and analyze relevant information from these sources. (LG 3).
5. Conduct primary research, including creating a basic research design, utilizing sampling procedures, developing a data collection instrument, and collection, processing, analyzing and interpreting data. (LG 2)
6. Use statistical software to analyze and interpret the results. (LG 3)
7. Effectively communicate results of a research project using standard Business Communication format. (LG 1)

*This course follows Learning Objectives for the Richards College of Business.*

### **Course Policies:**

**Academic Honor:** UWG students are expected to achieve/maintain the highest standards of academic honesty and excellence. Therefore, the UWG student pledges not to lie, cheat, plagiarize, or steal in the pursuit of study and is encouraged to report students who do (refer to Student Handbook, Appendix E, Academic Dishonesty). Students who breach the Academic Dishonesty guidelines will receive a "F" grade in the course. Information at the following link contains important information pertaining to code of conduct outlined in the student handbook:

Handbook ([https://www.westga.edu/administration/vpsa/assets/docs/2017\\_2018\\_Student\\_Handbook.pdf](https://www.westga.edu/administration/vpsa/assets/docs/2017_2018_Student_Handbook.pdf))

Code of Conduct (<https://www.westga.edu/administration/vpsa/handbook-code-of-conduct.php>)

If a student is unclear about whether a particular situation may constitute an honor code violation, the student should meet with the instructor to discuss the situation.

For this class, general advice and interaction on discussion topics related to marketing research are encouraged. Each student must develop his or her own solutions to individual assignment. In other words, students may not "work together" on individual graded assignments. Such collaboration constitutes cheating. A student may not use or copy (by any means) another's work (or portions of it) and represent it as his/her own. Students are encouraged to use the "Virtual Watercooler" discussion board to post questions and/or seek clarification of course topics. If your question is of a personal nature, it is best to email the instructor from within CourseDen.

**Incomplete Policy:** For a student to be eligible for an Incomplete grade, the student must have completed at least 80% of the course assignments with minimum of "B" average in **all** completed assignments.

**Disabilities Policy:** In compliance with the Americans with Disabilities Act (ADA), all qualified students enrolled in this course are entitled to reasonable accommodations. Please notify the instructor during the

first week of class of any accommodations needed for the course.

***Evaluation:***

The nature of this course relies primarily on projects and discussions. Students are expected to read assigned class material during each week, complete project assignments, and participate in group discussions.

**Feedback from Instructor:** Feedback is an integral part of enhancing learning in all courses. Rubrics for scoring and assigning grades will be provided during the first week of class and will also be available in CourseDen. The instructor will use these rubrics for grading and assign scores for each assignment that are indicators of feedback to students. Students are encouraged to contact the instructor if additional feedback is needed.

**Late/Missed Assignments:** Assignments are due on date/time mentioned in the Course Schedule. Check CourseDen schedule for any maintenance downtime. For example, ALL Friday assignments are due at 9 p.m. **There is a 25% per day late penalty, which is STRICTLY ENFORCED.** The instructor must approve any delays, deviations or substitutions for required assignments in advance (i.e. before the assignment deadline). Students should inform the instructor (by e-mail or phone call) of any absences, or inability to complete assignments on time before the assignment is due. Also, the instructor must approve this and will notify the student of such approval. Without this approval, assignments will not be considered for grading purposes.

**Appeals Policy:** An announcement will be posted in CourseDen when grades are released for each assignment. Check Gradebook for your score. Any concerns about assignment grade should be discussed with the instructor within **FOUR** days of the grade being posted or the grade stands as assigned.

**Written/Web Document Formatting.** Research writing in this course should conform to business communication standards including use of proper English with no spelling/grammar errors. All work submitted must be typed, and use APA formatting. See APA Quick Guide posted in the "Course Documents area". MS-Word is the standard word-processing software. **Follow the 22/12 rule in this course (No more than 22 words per sentence, no more than 12 lines per paragraph).** Keep a copy of all submitted work. Students' work should display correct spelling, punctuation, grammar, and Business Communication rules for all assignments which are considered when assigning grades.

**Technology Support:** Since this class is online and uses technology, students should make alternate arrangements to have access to another computer in case of primary computer problems. Your computer problems, lack of Internet access, other responsibilities external to the course are not valid excuses for submitting assignments late. Please **DO NOT WAIT** till the last day to complete the assignment in case you experience computer problems or Internet outage. Assignment will be considered late, and late penalties described above will apply for any assignment not submitted by the deadline. Information Technology Support (<http://www.westga.edu/its/>) or CourseDen support (<http://westga.view.usg.edu>) should be consulted for questions about technology related issues. Make backup copies regularly. Students are responsible for checking CourseDen schedule (available online) for maintenance downtime and plan ahead. In case of Technical Problems (such as password not working) contact the UWG ITS Tech support at 678.839.6587.

3) Week 11: Survey 25 points  
4) Week 14: Final Project 25 points

Chapter Discussions (7) 240 points

**Total Course Points: 450 points**

Grading Scale:

A = 90% and above 405-450 points  
B = 80-89% 360-404 points  
C = 70-79% 315-359 points  
D = 60-69% 270-314 points  
F = 59% and below 0 - 269 points
