WOLF PACT

Protecting the integrity of a degree from the Richards College of Business at the University of West Georgia is the responsibility of the administration, faculty, staff, and students of the college. Our mission is “To become a globally recognized college of business preparing forward-thinking, responsible leaders.” Responsible leaders are ethical leaders, and this behavior begins in the classroom. One of our Strategic Goals is to demonstrate “...commitment to the principles of honesty and integrity in interactions and undertakings, [and] accountability for personal behavior...”. As such, we have developed the Wolf Pact in an effort to promote and maintain the highest standards of integrity, professional behavior, ethical actions, and personal conduct.

The purpose of this pact is to maintain that a degree from the Richards College of Business at the University of West Georgia is held in high regard by all internal and external constituents, and that a degree from the University of West Georgia is as meaningful in the future as it is today.

I have reviewed the information in this syllabus, and I agree to abide by the policies stated. I will conduct myself in accordance with the RCOB Wolf Pact to protect the integrity of my degree and all those others who receive a degree from the Richards College.

WHAT ELSE DO I NEED TO KNOW BEFORE TAKING THIS COURSE

Basic Technical Skills Required

To successfully complete the course, you need to have the following technical skills:

Navigating CourseDen.

Communicating via CourseDen email tool.

Using CourseDen discussion board.

Taking quizzes on CourseDen.

Uploading assignments to CourseDen submission folders.

Using a Web browser such as, e.g., Mozilla Firefox.

Very good command of office applications, e.g., Microsoft Office (Word, PowerPoint, Excel).

Reading the Syllabus

Please read the syllabus at the beginning of the semester. When you are informed about the course requirements, you can plan your time to achieve the best result possible.

As this syllabus provides you with a summary of the course of study, examination requirements, and schedule, please consult it before writing an e-mail to your professor or posting to the Q&A forum.

You will also take Syllabus Quiz, and at the beginning of the course.

Deadline

Deadline is defined as:

a : a date or time before which something must be done

b : the time after which copy is not accepted for a particular issue of a publication

(Merriam-Webster Dictionary)

Late submissions will not be accepted.

Planning

This is a content-rich course and successfully completing it will require self-discipline and planning. That is why you are informed of all the deadlines and assignments at the very beginning of the course.

Please see COURSE SCHEDULE for deadlines and mark them in your calendar.

What Result Is Not

Hard work does not guarantee that your result is achieved. For instance, telling a professor that you worked very hard on the project does not mean that the result you achieved meets the criteria for an A grade.

NO RESULT + EXCUSE ≠ RESULT

When you are late, having a good excuse does not turn back the clock and make you be on time. Likewise, not delivering what is expected of you and having an excuse does not make a result magically appear.

Taking Notes

Whether you are taking an in-class class or an online class, it is important to take notes both when you listen to a lecture, watch a video posted on CourseDen, or read your textbook, lecture slides, and articles. Taking notes is a very important skill that is necessary in your future career. Here you can find an interesting guide on how to take notes from your textbook: [Taking notes](#)

Honor Code

By submitting any of the assignments and online quizzes, you agree with the following statement: "I pledge on my honor that I have not given or received any unauthorized assistance on this assignment/examination."

You also acknowledge that you were made aware that if your submission turns out to be plagiarism, or does not adhere to the UWG Honor Code in any other way, you will receive 0 points for this assignment and a failing grade for the entire course.

In case of group assignments, you are made aware that even if your group member and not you personally plagiarized a part of the assignment, you and all group members are going to be held accountable – every group member will receive 0 points for this assignment and a failing grade for the entire course.

Accessibility

To participate in the course, you will need internet access. All required materials aside from the textbook will be posted on CourseDen or distributed in class.

You must adhere to the Academic Honesty Policy:

Lying, cheating, stealing, or engaging in plagiarism in pursuit of one's studies is a violation of academic honesty policy at UWG and will not be tolerated (Please read the university's catalog for the official statement on academic integrity and plagiarism). Students are responsible for understanding plagiarism.

In general, plagiarism is defined as the use of intellectual material produced by another person without acknowledging its source. The following are some examples of what is considered plagiarism:
